100P & 100PSS 15x4mm FIRE SEALS FOR FIRE RESISTING DOORSETS

CI/SFB
(31.39) Yt4 (K2)
Feb 1999

High performance
intumescent fire
and smoke seals
for 30 and 60
minute fire
resisting doorsets.

Introduction

With fire door constructions and designs changing constantly, the need for door components such as intumescent fire seals to enhance performance is ever growing.

Mann McGowan have recognised this need and have for many years offered a wide variety of PYROSTRIP® intumescent fire and smoke seals.

This has resulted in PYROSTRIP® 15mm x 4mm 100P and 100PSS being specified and used on both 30 and 60 minute fire resisting doorsets.

Description

PYROSTRIP® 100P and 100PSS are based on an intumescent core of hydrated sodium silicate, encapsulated in a upvc sleeve 15mm wide x 4mm deep. A range of standard and non standard colours can be supplied.

The 100PSS comes complete with a grey smoke seal brush pile as standard.

Performance

PYROSTRIP® 100P and 100PSS has undergone numerous internationally recognised fire resistance tests. The material has also attained Warrington Certifire approval and TRADA QAS approval in certain door constructions.

The 100PSS has been successfully tested in accordance with BS 476 part 31 : 1.

Finishes

PYROSTRIP® 100P and 100PSS can be supplied in the following colours and finishes.

STANDARD COLOURS : White, Light Brown, Dark Brown, Black, Cream, Red.

NON STANDARD COLOURS: A wide range of non standard colours can be produced. Please contact our Sales Office.

TIMBERTONE: A range consisting of 5 different timber effect finishes can be supplied.

SMOKE SEALS: The standard smoke seal is a grey brush pile. Black brush pile or flexible rubber smoke seals can be offered as an alternative.

STANDARD LENGTHS: 1000mm , 1050mm, 2050mm, 2100mm.

NON STANDARD LENGTHS: Non standard lengths can be produced. Please contact our Sales Office.

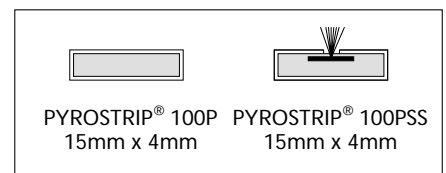

Ordering

PYROSTRIP® can be ordered directly from our Sales Office via the telephone or fax.

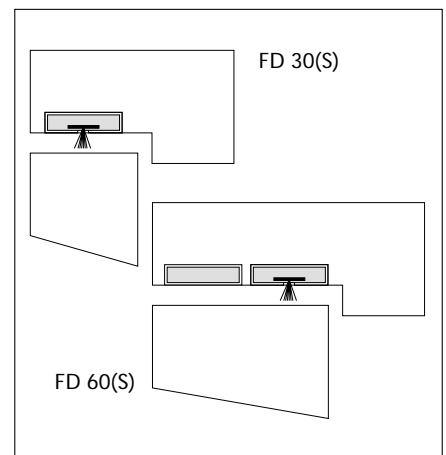

When ordering please state:

Number of lengths required, product code (100P or 100PSS), length required, colour, self adhesive backing (if required).
