Door Seals

PERIMETER DRAUGHT & WEATHER SEAL

Ventura Universal V2000 White plastic carrier with flexible black PVC weather blade. A budget priced but highly effective seal. Supplied in door sets 2 x 2.00m + 1 x 1.00m complete with fixing pins. Suitable for timber frames only.

V299PWV White lacquered flat profile aluminium carrier with captive grey vinyl bulb seal. An economic and popular seal. Supplied in door sets 2 x 2.10m + 1 x 1.00m with oval holes for seal fitting adjustment; complete with fixing screws for timber.

V299PAV as above but Silver lacquered finish.

V299PGV as above but Gold lacquered finish.

V299PDV as above but Dark Bronze lacquered finish.

V292PWV White lacquered. Raised and rounded profile carrier.

V292PAV as above but Silver lacquered finish.

V292PGV as above but Gold lacquered finish.

V292PDV as above but Dark Bronze lacquered finish.

V303AS Aluminium flat profile carrier with replaceable high quality silicone bulb seal. Supplied in door sets 2 x 2.10m + 1 x 1.00m with oval holes for seal fitting adjustment; complete with fixing screws for timber.

V309AP As above but with replaceable 10mm soft pile seal. (A range of heavier duty, longer pile nylon brush seals for commercial applications is also available.)

V316AS Aluminium raised and rounded profile carrier with replaceable high quality silicone bulb seal. Supplied in door sets 2 x 2.10m + 1 x 1.00m with oval holes for seal fitting adjustment; complete with fixing screws for timber.

V316GS As above but Gold anodised finish.

VS44 Fin blade seal (self adhesive).

VS88 Bulb seal (self adhesive).

THRESHOLDS

V206AV Aluminium finish Vinyl seal door threshold. Size 914mm only (36"). Suitable for domestic applications and light duty commercial applications. Low profile for improved accessibility for wheelchairs ♿, prams, and other 'mobility' traffic.

V206GV as above but in Gold anodised finish.

V208AV Aluminium finish Vinyl seal door threshold. Size 1.00m only (39"). Ultra-low narrow profile offering slim discrete threshold seal with excellent 'accessibility' for the disabled and wheelchair ♿ users.

V208DV as above but in Dark Bronze anodised finish for use with dark stained doors.

V208GV as above but in Gold anodised finish for use with stained or painted doors.

V236A Aluminium finish flat carpet threshold. Suitable for domestic and commercial applications. Ultra-low slim line (concealed under the door). Sits flush with the finished carpet level and therefore offers no barrier to 'accessibility' disabled. Stocked in 1.00m & 2.00m lengths. Use with V234AV door bottom seal to provide draught seal if required.

V236D as above but in Dark Bronze anodised finish.

V236G as above but in Gold Anodised finish.

V2364A As model V236A above but wider 102mm (4") variant.

V2364D As model V236D above but wider 102mm (4") variant.

V2365G As model V236G above but wider 102mm (4") variant.

DOOR SHOES

V234AV Aluminium finish with vinyl seal for application to bottom edge of door. Suitable for use with existing floor or use with other threshold plate. Supplied in 1.00 length.

V210AV as V234AV but with integral rain deflector for external doors. Supplied in 1.00m length.

DOOR BOTTOM SWEEPS

V99PAV Silver lacquered finish. The 25mm deep (1") blade is suitable for domestic doors with large door to floor gap. *note: this vinyl blade is fixed to the carrier and is not replaceable once worn.* Supplied in 915mm (36") only.

V99PDV as above but in Dark Bronze finish.

V99PGV as above but in gold finish.

V99PWV as above but in white finish.

V309AP Aluminium finish with 10mm replaceable soft pile seal. Supplied in 1.00m length.

V309DP as above but in Dark Bronze anodised finish. Supplied in 1.00m length.

V3452AV Aluminium finish with 12mm vinyl blade seal. Integral rain deflector. Supplied in 1.00m length.

V3452CP High quality anodised aluminium finish with integral rain deflector and quality 18mm nylon pile brush seal.

All Ventura items are supplied with fixings for timber.
